1200mm	350mA	N/A	Constant Current	RJ45 (2.5M)

OPERATING DETAILS		
Model	Power Consumption	Ambient Temp Range
600mm	21.6W (approximate)	-10 to +40 Degrees C
1200mm	43.2W (approximate)	-10 to +40 Degrees C

DESCRIPTION

The Octavia is a linear light unit designed for indoor or outdoor use.

Available with 18 or 36 high power LUXEON REBEL LED's in a wide variety of single colours.

This unit can be mounted to walls, floors or ceilings using a unique bracketing system that offers a tilt or a fixed locking function.

The Octavia is available in an IP67 option for outdoor applications.

Rotating Bracket

Mounting bracket for Andromeda and Octavia range

FEATURES

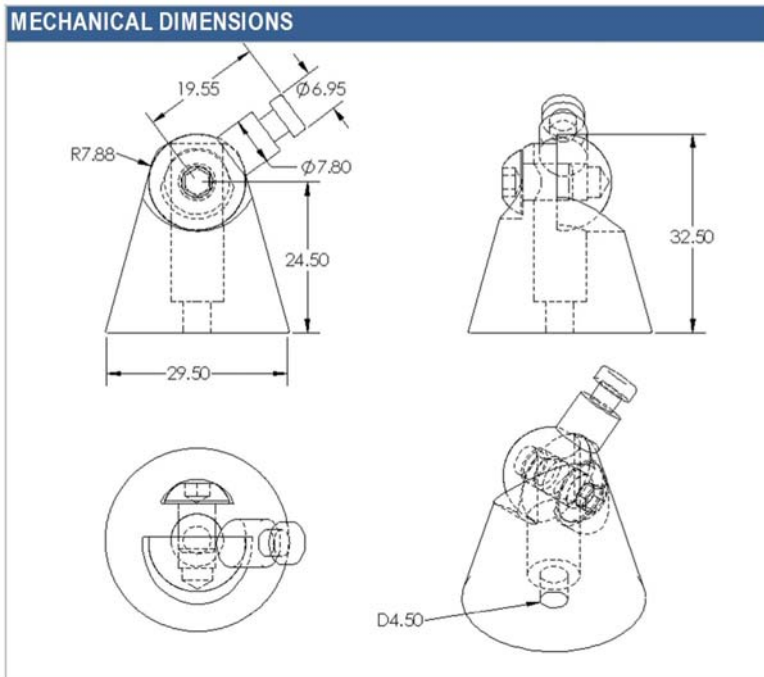

- Lockable positions
- Designed for use with the Andromeda and Octavia range
- Tough anodised finish
- Used for applications where the light fitting may be rotated

DESCRIPTION

The Rotating bracket has been designed as an additional feature for the Andromeda, Andromeda Gullwing, and Octavia products. It simply fits directly into the T-Slot of any of the three light fittings.

The bracket system on the fitting can then be manipulated to alter the direction of the light to suit the application.
