Introduction

NE-SQ-DW is a new member of the Artist of Light series coupled with intelligent LEDs for dynamic white, which enable you to replace a variety of lighting sources and implement a lighting design consistently and efficiently that responds to your undefined and specific needs.

NE-SQ-DW is UL/cUL, CE, TUV and RoHS compliant. Moreover, it has passed rigorous environmental resistance, optical, mechanical and electrical tests in our lab under the support of advanced experimental equipments and technology to ensure it meets the requirements of harsh environments. Also it has passed relevant tests of third party inspection authority.

Fully encapsulated in the flexible PVC chamber by utilizing consummate extrusion technology, assembled with multiple patented connectors to achieve IP68 protection; easy for installation and applicable for various circumstances.

NE-SQ-DW can vary colour temperature from 2500K to 5000K with smooth illumination and small bend diameter in both horizontal and vertical bending direction.

Applications:

1. Outdoor or Indoor Contour/Border Lighting
2. Architectural Outline/Decorative Lighting
3. Cove/Accent Lighting
4. Facade/Terrace Floor Lighting
5. Display Lighting
