

Tutis Plus 20W LED Floodlight

Product Code: TUT-6

Key Features

- Robust aluminium housing
- High Lumen output
- Low energy usage
- 360° free rotation
- Mercury Free
- Long life time, rated for over 30,000hrs
- Weatherproof to IP65 

Product Description

The NEW enhanced Tutis 20W LED Floodlight offers upgraded internal components, superior built-in drivers, high quality LEDs and a thick robust housing, giving increased efficiency and long life.

The Tutis range is Surelight's high powered LED equivalent to halogen or metal halide floodlights.

Energy saving - Surelight's 20W Tutis LED floodlight is equivalent to a 200W Halogen floodlight, offering a comparable brightness using a fraction of the power.

Low Maintenance - A typical halogen bulb only lasts 1000hrs our New Tutis range has a life time of over 30,000hrs.

Applications for these high quality LED floodlights include; Tunnel lighting, car park lighting, architectural lighting, landscape lighting, security lighting, garden lighting, factory and warehouse lighting, airports, bus station lighting, train station lighting, play ground lighting, outdoor sports court lighting (basketball courts, football fields, tennis courts etc).

Specification

Lighting Performance

Colour Temperature	Lumen Output	LED Quantity	CRI	Minimum Lifetime
3000/4000/5000K	2000lm	1 San'an COB	>73	30,000hrs

N.B Lumen values quoted on Pure White (5000k)

Operating Details

Input Power	Working Temperature Range
20W	-40 °C ~ +50 °C

Options

Single LED Colours	Optics
Warm White, Neutral White, Pure White	90°

Colour

Input Data

Input Voltage	Power Supply Type	Power Factor	Input Connection
100-240V AC	Constant Current	>0.93	Flying Leads
