Shine a different light on your lighting challenge

ILLUXTRON

With 50 years of knowledge and experience within the lighting industry, we have grown into a leading international manufacturer of high-quality LED lighting products and solutions. It is, therefore, no coincidence that an increasingly large group of customers choose lighting products from our collection for their projects.

Whether it concerns the perfect illumination of products in a showroom, good lighting for a meeting room, or realizing a well-lit, safe entrance to a hospital.

Our varied collection of more than 10,000 lighting products gives a completely new perspective on what is possible with light. Get inspired by our catalogue or view our collection. Would you like some free advice about the best lighting solution for your project? Or are you curious about the possibilities of a customized lighting plan? Contact one of our team members, we are more than happy to help!
